

Jennifer Warnes

AMAZON'S CHOICE: #1 BEST SELLER IN VOCAL POP 

BIOGRAPHY

One of the most-loved singers of our time has returned with a modern-day masterpiece.

The new album reunites Warnes with her co-producer and great friend and collaborator Roscoe Beck, the long-time musical director and bass player for Leonard Cohen. It's the same partnership that made the landmark 1987 album *Famous Blue Raincoat*.

With glorious production and performances, and of course, impeccable vocals, *Another Time, Another Place* features the cream of the crop of songwriters including Eddie Vedder ("Just Breathe"), Mark Knopfler ("Why Worry"), John Legend, Warren Haynes, Derek Trucks and more. Joining Warnes are brilliant musicians and friends such as Dean Parks (Steely Dan, Bob Dylan), pedal steel king Greg Liesz (k.d. lang, Eric Clapton) and drummer Vinnie Colaiuta (Frank Zappa, Sting).

Jennifer Warnes has always been known as someone who makes beautifully crafted records with an open heart, unafraid to show emotion and love through her work. It's the perfect time for *Another Time, Another Place*.
